Data Protection Policy

1. Introduction

Potto Parish Council needs to collect and use certain types of information about the Data Subjects who come into contact with it in order to carry on our work. This personal information must be collected and dealt with appropriately– whether on paper, in a computer, or recorded on other material - and there are safeguards to ensure this under the Data Protection Act 2018.

2. Data Controller

Potto Parish Council is the Data Controller under the Act, which means that it determines what purposes personal information held will be used for. It is also responsible for notifying the Information Commissioner of the data it holds or is likely to hold, and the general purposes that this data will be used for.

3. Disclosure

Potto Parish Council may share data with other agencies such as the local authority, funding bodies and other voluntary agencies.

The Data Subject will be made aware in most circumstances how and with whom their information will be shared. There are circumstances where the law allows Potto Parish Council to disclose data (including sensitive data) without the data subject's consent.

6. Providing a confidential service where the Data Subject's consent cannot be obtained or where it is reasonable to proceed without consent: e.g. where we would wish to avoid forcing stressed or ill Data Subjects to provide consent signatures.

Potto Parish Council regards the lawful and correct treatment of personal information as very important to successful working, and to maintaining the confidence of those with whom we deal.
